

Public Schools Week Program Planned Locally

All Schools in This Region Will Hold Open House

Public Schools Week, annually sponsored by the Masonic Lodges of California and locally by Truckee Lodge No. 200, will be observed in all schools of the Tahoe-Truckee Unified District from April 27 through May 1.

Programs have been arranged for all five schools in the district, beginning Tuesday at the Tahoe-Truckee High School with an assembly from 7 to 7:26 p.m. in the gymnasium. The programs will be as follows:

Tahoe-Truckee High School
Assembly, 7 p.m. to 7:26 p.m. in the gymnasium.

1. Selections, high school band.
2. Welcome to parents and friends by George Bergen, principal, and Sheldon Jones, student body president.

3. Musical numbers, high school chorus.

4. Students to regular 5th period class. 5th period, 7:30 to 7:56; 6th period 8:00 to 8:26; 7th period 8:30 to 8:56.

Refreshments will be served in the cafeteria from 9:00 to 9:30 p.m. Buses will leave at 9:35 p.m.

Kings Beach Elementary
Wednesday, April 29, 7 p.m. to 9 p.m.

Kindergarten and first grade, 45 minutes. Demonstrate the usual early morning activity period stressing cooperation, sharing, parallel play, variety of activities. During parent discussion emphasize reasons for reactions of children to situations and various stimuli, reasons for behavior, development of children from complete individual play to parallel play to group work.

Second and third grades, 45 minutes, highlighting planning, construction, evaluation, discussion with parents.

Social studies demonstration. Fourth, fifth and sixth grades, 45 minutes. Eight minutes with each of the four groups and 13 minutes discussion with parents.

Donner Trail Elementary
Parents are invited to visit the school at any time during the week. Open house and display of children's work Tuesday, April 28, at 7:30 p.m.

Tahoe Lake School
Tahoe Lake School will observe Public Schools Week throughout the week but has chosen the afternoon of Thursday, April 30, for special emphasis. On that afternoon, beginning at 1 p.m., each teacher will demonstrate a particular phase of the learning program with her students.

Children will show their work folders to their parents, parent-teacher discussions will take place and refreshments will be served, with the assistance of the PTA. In grade 4-6 the demonstration will continue until 2 p.m. and will be followed by discussion, display and explanation of work folders and other work, and refreshments, again with the help of the PTA.

Buses will leave the school at 2:40 following, therefore, the regular daily schedule.

Truckee Elementary
Open house by invitation in each class. A regular day is planned with nothing out of the ordinary scheduled. On Tuesday from 7:30 to 9 p.m. each teacher will hold open house with display of the children's work.

The invitation to class is scheduled as follows:
Monday, April 27, 3rd grade; Tuesday, April 28, 2nd grade; Wednesday, April 29, kindergarten and 1st grade; Thursday, April 30, 4th and 5th grades; Friday, May 1, 6th grade. The above events will be held from 9 a.m. to noon.

On Friday, May 1, the four elementary schools will hold a Play Day for the 4th, 5th and 6th grades of all the schools on the Kings Beach playground. Parents are invited to come and participate and observe, as well as to assist with the games.

ROSS BUELL TO BE DIRECTOR OF MINT

Ross Buell, son in law of Mr. and Mrs. C. Edmunds of Truckee, has been nominated to be director of the U. S. Mint at San Francisco, the appointment having been made by President Dwight Eisenhower. Buell is well known here where he often visits.

DEANS PREPARE TO OPEN COURT

KINGS BEACH—Mr. and Mrs. Fred Dean are back at Kings Beach where they are preparing their Lazy L Court for the approaching busy summer season. The Deans recently purchased the property which consists of 13 rental units from Tom Lucas.

Silver Belt Race At Sugar Bowl Is Slated On Sunday

NORDEN—An imposing array of famous skiers are scheduled to participate in the 11th annual Silver Belt Trophy races at Sugar Bowl Sunday, April 26, Manager Walter Haug reports.

A number of the entrants are Olympic and F.I.S. team members and will arrive from all parts of the world, from Sun Valley, Colorado, Utah and other famed ski areas. Nearly a score of clubs will be represented by both men and women.

The race committee includes Paul Stewart Jr. and Merrill Brown Jr., referees; Bill Klein, chief of course; George Gester, chief timer; Wellington Henderson, Ann Bridgman and Mortimer Fleishacker, assistant timers; Beeza McIntosh, Edith Fields and Kathleen Starratt, recorders; Ted Rist, judge of the finish; Sherman Chickering, starter; Max Williamson and Ivan Sturman, radios; Gordon McIntosh, calculator; Godie Schuetz, chief flag keeper, and Jack Marturano, ski patrol.

CARNIVAL DANCE IS ON TAP FOR SATURDAY NIGHT

Truckee's Volunteer Firemen are reviving their custom of sponsoring public carnival dances with a big party at Capitol Hall here Saturday night, April 25.

An orchestra has been engaged, Chief N. F. Dolley said, and booths for carnival-type games have been arranged for. Ticket sales are being pushed this week, with plans calling for a ticket booth in front of Rasco Saturday and a selling campaign before the dance, using the fire truck for emphasis.

Helping Dolley on the committee are W. M. Englehart Sr., W. M. Englehart Jr., Robert Seibold and Steve Kolos.

TRUCKEE DOCTOR HAS BUSY TRIP IN RESCUE WORK

A Santa Cruz newspaper reports it was a busy evening Saturday for Dr. George Hahn of Truckee.

When his four-day-old Jaguar failed to make a turn on Highway 1 near Laguna, the doctor and his passenger, Marilyn Murphy of San Francisco, suffered minor injuries and the small sports car was badly damaged.

Dr. Hahn and Miss Murphy were returning over the highway when they happened upon another wreck in which five people were injured. The doctor stopped to render aid and on the Bayshore highway a short time later, they stopped to again assist victims of another auto mishap.

The doctor and Miss Murphy were given emergency treatment at Sisters Hospital for cuts and bruises. The doctor returned home Sunday.

KASPIANS ESCAPE IN FREAK MISHAP

Mr. and Mrs. Paul Kaspian escaped serious injury in a freak accident which resulted in almost complete destruction of their car near Lawton Springs on Monday night.

The couple, who operate the Gateway Cafe, were returning home from a trip to Reno when the right door of the coupe flew open and Mrs. Kaspian started falling. Kaspian grabbed at her, seized her coat which he pulled off in an effort to keep his wife from tumbling onto the road.

In making the rescue attempt, the car got out of control and both Mr. and Mrs. Kaspian were hurled to the road, the car continuing on into the rocks where it was wrecked. Mrs. Kaspian suffered minor abrasions. Her husband was not hurt.

Return from Mexico—Mr. and Mrs. Harold Langille returned Tuesday from a Mexican vacation and the latter will visit at Willows this week with her son, James Leamon, and family.

Guests at Sturckes—Guests at the home of Mr. and Mrs. Martin Sturckes Sunday were Mr. and Mrs. Andrew Brazil of Auburn.

Lake Fishing To Open In District Saturday, May 2

Streams Here Closed Until May 30 As Lakes Opening

An estimated half a million Californians are today showing some symptoms — conscious and otherwise — of the annual attack of "Saturday nearest May 1st fever." And most of them will be wetting their lines in their favorite waters when the state's early trout angling season opens an hour before sunrise Saturday, May 2.

The May 2 opening applies only to Lake Tahoe, Donner Lake and Boca Reservoir in this immediate locality. The streams, for the most part, will open May 30.

Bag limits remain at 15 trout or ten pounds and one trout.

Local sporting goods stores have stocked all the latest equipment and lures and licenses are available in the local establishments.

That portion of Lake Tahoe lying in the state of Nevada will open April 26. The Truckee River eastward from the state line is slated for a May 10 opening.

Other major streams in Nevada along the Sierra slope will have a general opening May 10. Anglers were advised to check their regulations for local closures and late openings of smaller streams.

BOY SCOUTS WILL HOLD CAMPOREE ON AUBURN ROAD

Eighteen members of Truckee Troop No. 7, Boy Scouts of America, are making plans to attend the annual Camporee on Highway 49 between Grass Valley and Auburn Saturday and Sunday.

Scoutmaster Clarence Osburn, who with Terry Tollefson and Bob Frank, will be in charge of the local group, said cars will leave his house at 11 o'clock Saturday morning for the site of the Camporee of the Tahoe Area Council.

The boys will devote their time to camp arrangement and other projects, returning home Sunday evening.

HISTORIAN WILL ADDRESS WOMEN

The regular meeting of the Wyethia Club will be held at the club house May 1 at 8 p.m.

Mrs. Rockwell L. Stone of Burlingame, state history and landmark chairman, will show slides and speak on famous historical spots. She has trained widely, studying California landmarks, and has many interesting and unusual stories to tell. Local territory is listed among these landmarks, including Truckee, the Donner trail and the old railroad through this area.

PASTIME OFFERS TELEVISION SHOW

After considerable experimentation, Sub Klein this week says his Pastime Club is Truckee will feature boxing and wrestling on television. Fights will be viewed each Wednesday and Friday at 7 p.m. while wrestling will be featured as per schedule at the popular rendezvous on Commercial Row.

MRS. HOCKER IS CLERK AT COURT

The Nevada County board of supervisors last Friday appropriated \$200 a month for the hiring of a clerk for Judge Posten Wilson of the Truckee Judicial District.

The request for help was made months ago by Wilson, who has been working long hours doing the bookkeeping on the many cases he hears. Mrs. Harvey Hocker has been employed to fill the clerical vacancy.

HOUSE NOT SOLD

Robert C. Gifford of Lindsay has written that, despite stories to the contrary, their house in Gateway Park has not been sold. In the classified column of the Sierra Sun today he lists the property for sale.

Sun Beams

by WALTER BARRETT

The 34th annual observance of Public Schools Week to be held next week points up once again the importance of our public education system in the American democracy. Although our schools face vexing difficulties, it is encouraging to see the growing sense of responsibility on the part of the public for better schools. The increase in appropriations along with such assistance to individual students as provided by scholarships and the achievement awards program of the state's largest bank all contribute to better training and better students. The public schools are the business of every citizen. This is true even if he has no children. He should not only insist that enough be appropriated to maintain education on a high plane but he should be alert to the activities of those who for one reason or another seek to undermine the public schools system or pervert its purpose. Visit the classrooms during Public Schools Week. The teachers will appreciate such interest and it will encourage them in their work which is, to say the least, most trying. It has often been said that the America of tomorrow can be no finer than its schools of today. And the schools of today can be no finer than your efforts and your interest make them.

**JOHN MOORE IS
HONORED WITH
SCHOLARSHIP BID**

John E. Moore, son of Mr. and Mrs. Edward L. Moore, Tahama, Lake Tahoe, has been selected one of ten finalists for a George F. Baker all-expense scholarship to Reed College, Portland, Oregon. He will go to Portland for final interviews Friday and Saturday. Three winners will be chosen from applicants from Washington, Oregon and California.

Moore, a senior at Tahoe-Truckee high school, has been editor of the school paper, student body treasurer, manager of varsity football and district chairman of the YMCA Youth Conference. He has participated in varsity basketball, dramatics, the annual student body carnival and won second place in the Lions Club speaking contest.

The Baker scholarship for men, renewable over four years, provides full tuition, board and room and additional expenses according to the students' needs. Awarded on the basis of ability and promise in leadership and scholarship, as well as need, a Baker scholarship is the highest award Reed offers. Reed is one of 12 colleges in the United States chosen by the George F. Baker Foundation to award scholarships each year.

SCHOOL WILL LET BIDS FOR WELL

The governing board of the Tahoe-Truckee Unified School District will receive bids up to 8 p.m., May 12, for the award of a contract for well drilling and casing and for furnishing and installing adequate pump and pressure tank at the high school. Details of the bidding are contained in a legal notice elsewhere in the Sierra Sun today.

TWO INJURED IN LOCAL CAR CRASH

Ralph Garcia and Michael Gomez were injured and Guadalupe Huerta escaped unhurt when a car driven by the latter but belonging to Garcia crashed into the rear of another machine operated by William Rohde, Oakland, four miles east of here Sunday morning at 9:30 o'clock.

Patrolman Lyle Tice said he would cite Huerta for not having an operator's license and for not having his vehicle under control. Rohde and a companion were not injured.

The three Truckee men were returning home from Reno when the mishap occurred.

Petition Seeks Annexation To Local Fire Area

Area Proposed Includes Three-Miles Long Strip

The first step in annexing surrounding areas to the Truckee Fire District was taken this week with the circulation of a petition in the affected territory, a move which apparently met with unanimous approval by the residents.

This petition, circulated by Roy Waters, is now ready for presentation to the Nevada County board of supervisors at their May session. The board is expected to call a public hearing and if all goes well later set a date for the required election.

The proposed boundaries of the district will include a section a mile wide and three miles long, embracing property on both sides of Highway 40 from east of the Kearney ranch to west of the Chin-chilla Farm.

BERG REPORTS AS TEMPORARY GAME WARDEN IN AREA

Gilbert Berg will report in Truckee on temporary duty as warden for the state fish and game patrol, effective next Wednesday. He will relieve Tom Borneman, resident warden here, who has been ordered to report to river boat duty at Isleton next week. Borneman is actively appealing the transfer orders.

Berg, who was promoted to warden March 1 after standing first on the state-wide list, emphasized he has been told this appointment is temporary. He does not believe he will be permanently stationed here and will not move his wife and daughter up from Auburn on the basis of his current standing.

Prior to becoming a warden, Berg was with fish and game as a state trapper. He and his family have many friends here where they resided following his discharge from the Marines in 1944 until he was transferred out of the district by fish and game. The Bergs own a home in Truckee which is now being rented.

NATIONAL GUARD AGAIN TO TRY FOR UNIT HERE

Efforts will be made here next month to effect organization of a weapons platoon, Co. E, 184th Infantry Regiment, California National Guard. Main obstacle to initiating the organization is securing a qualified man to command the unit.

Major Nicholas Brooks, Marysville, and WO Walter B. Murphy, Nevada City, will be here from May 15 through May 17 to discuss the program with local men. They will establish headquarters in the Veterans Memorial Building in Truckee. Murphy, who was here yesterday, said the program should be of particular interest to youths between 17 and 18½, to veterans desirous of maintaining their reserve rank and to reservists with considerable time remaining on their reserve obligation.

The guard is seeking a man in this vicinity who will be eligible for commissioning to take charge. Qualifications call for a man 28 years old or younger, a Korean veteran of at least the first three grades of non-commissioned rank or a man with a prior reserve commission within the age limit.

CUB SCOUTS TO AID SAFETY WEEK

Truckee Cub Scouts will serve during Safety Week to help others remember safety on highways and at home. A prize is being offered by the Wyethia Club for the best poster on traffic safety by a Cub.

Cub Pack meeting will be held at the Veterans Memorial Building from 7 to 9 p.m. April 28. The Cubs will present a safety program and miniature model of Truckee with safety features, all built by Cubs. Posters will all be displayed at the meeting and the judges will select the winner.

Hugh McColl Is Found Dead At Stockton Home

The many local friends of Hugh N. McColl, 55, will be shocked to learn of his sudden and unexpected death at his home in Stockton April 13.

McColl, who was one of the organizers of Truckee Post of the American Legion and who took an active part in all veteran affairs during his residence here, was found dead in the bathroom of his home by Mrs. McColl when she returned from the theater.

After leaving Truckee in the mid 1930, McColl was examiner for the division of driver's licenses at Stockton from 1936 to 1944, when he returned to the Southern Pacific. He was an engineer at the time of his death.

McColl started his Legion work as a charter member of the Dixon Post and assisted in organizing the local post in 1931 and was the first adjutant here, a position he held until he left Truckee. He also helped organize the Nevada County Voiture of 40 and 8 and was chef de guerre in 1934 and 1935. He was first vice commander of District 4 in 1934 and for five years was chairman of the annual California-Nevada Midwinter Legion frolic.

The deceased also organized the once famous Truckee Legion's drum and bugle corps and promoted junior boxing shows. His activity in veteran affairs continued after the family moved to Stockton.

Surviving are his widow, Georgia Eleanor; three sons, Hugh W. Robert N. and Berton G. McColl; two daughters, Ivy and Jean McColl, and a brother, George, all of Stockton.

He was a native of San Francisco and served with distinction as a Marine in World War I.

FACULTY WILL PRESENT FOLLIES AT LOCAL SCHOOL

The faculty of the Tahoe-Truckee High School presents "Faculty Follies," a two-act mellow drama. This production will feature such persons as Thelma Finger, the heroine; George Boyle, the villain; Marilyn Daily, the mother; Hugh Smith, a hero's hero; Gordon Butterfield, an unspoiled child; E. V. O'Rourke, a gambling man, and many others. Doughnuts and coffee will be served.

Two performances will be given — one Friday evening, April 24, and the other Saturday evening. Curtain time is 8 p.m. Advance purchase of tickets is desirable as seating space is limited. The proceeds of this production will go into the Tahoe-Truckee Educational Association Scholarship Fund for deserving students from the local high school.

FRED MAIN IS LIONS' SPEAKER

Fred Main, president of the Lake Tahoe-Sierra Chamber of Commerce, in speaking before the Lions Club last night predicted a banner summer season for Lake Tahoe based on advanced reservations and plans of the chamber and individual resort owners.

Guests included Dan Hesse, Robert Cain and Bert Stern. Angelo Besio presided and C. R. Heller was program chairman.

TREE DAMAGES TELEPHONE LINES

Telephone service between Lake Tahoe and Truckee was interrupted and considerably restricted for a few hours Tuesday afternoon when a tree fell across the lines, taking out all 30 toll circuits on two complete spans of wire.

Howard J. Newsham, telephone company manager here, explained that road crews were clearing trees from the right of way three miles north of Tahoe City when the accident occurred.

DRIVER FINED

Roger R. McCormick, Richmond, was fined \$250 by Judge F. W. Wilson yesterday on a charge of driving while drunk. He was arrested by Patrolman William Gautsche.

Teachers Denied Salary Increase By Local Board

Board Cites Comparative Wages Paid In State

A request by the teachers of the Tahoe-Truckee Unified School District for an across the board salary increase of five per cent was denied by the governing board at a meeting held last week.

The board pointed out that current salaries are comparable to those paid in similar districts, citing other cases as examples.

In this district the minimum salary for a certified teacher is \$3740, while a non-certificated instructor receives at least \$3440, with maximums, based on qualifications and length of service, ranging upward to \$6260. The average salary, according to the board, paid in this district is \$4314. A \$120 annual increase is based on service and academic qualifications.

It was cited by board members that the minimum in Sacramento County is \$3240 with a maximum of \$6360, while in Plumas County the range is from \$3700 to \$5500. In the Westwood area, comparable to the local conditions, the salaries range from \$3600 to \$5700, the board was advised.

At the same time, the board announced that a second four-year contract with E. V. O'Rourke, district superintendent, has been signed with the salary "pegged" at \$9500.

SUIT NEAR END ON RIGHT OF WAY IN DONNER AREA

SODA SPRINGS—A suit in eminent domain involving a 75-foot right of way strip 585 feet long in the Soda Springs area was expected to go to the jury today or tomorrow, according to reports from the court house at Nevada City.

The jury was selected April 13 with Judge Ben V. Currier of Lassen County sitting in the stead of Judge James Snell.

Pacific Gas and Electric Company filed the suit in 1949, contending it needed the land for construction of part of a transmission line to connect Drum Power House with the Sierra Pacific Power Company's transmission line over the Sierra. Attorneys for both sides stipulated the line could be built, subject to later decision by the court as to its necessity. The line is now in service.

A battery of legal talent is arguing the case before a jury of seven men and five women, including Malvin C. Ingwersen of Truckee.

The defendant property owners, Dennis and Muriel Jones and the Soda Springs Ski Corporation, have asked \$25,000 for the property and \$125,000 damages from the utility corporation.

TRUCKEE BALL CLUB WINS GAME ON FIELD HERE

The Tahoe-Truckee high school baseball team won its initial game of the season Tuesday with a 19 to 17 score over the Lincoln junior varsity on the Truckee field.

In a Saturday afternoon tilt at Fallon, the locals lost 30 to 12.

The Tahoe-Truckee team will play Reno there Friday afternoon and will go to Yerington Saturday and then to Susanville Tuesday in a busy schedule.

The team is taking shape, Coach Jim Brehler declares, with the advance of the playing season. In the Lincoln game Tuesday, Charlie Cozzi led the hitters with a three for four average, two of these doubles. Bobby Sanford did the pitching after relieving Tom Grow and as a freshman gives promise of becoming a top notcher.

SHARON PACE TO HEAD LOCAL CLUB

Donner Council No. 13, Pythian Sunshine Girls, met last Wednesday evening with a good attendance for a busy session.

Plans were made for the initiation and installation of new officers on June 3. Sharon Pace will be installed Royal Princess, as head of the organization for the new term.

Ruth Osburn was elected to represent the council in Fresno on July 10 an 11 when the Grand Council will hold its 12th session. Marie Osburn will go as alternate. The delegates will be accompanied by Pearl Heller, Royal Advisor.

DELEGATE

The 50th annual convention of the California Federation of Women's Clubs opened Tuesday in the Biltmore Hotel at Los Angeles. Mrs. Fred Pedley, president of the Truckee Wyethia Club, is the local delegate.

My Place In the Sun

by DOUG BARRETT

Charlie Heller has coined a slogan for the local chamber of commerce's dawn clean-up patrol. "We work while you sleep".....some of them were up and out at 4:30 yesterday morning.....in fact their job was well done when I sauntered down at 7 o'clock.....their co-operative effort not only cleaned up the main thoroughfare but vastly improved the parking situation in town.....Never dawned on me until this week.....when I saw them chatting.....that the Richards boys, Mike and Johnny, are next door neighbors on our commercial row.....but no blood kin that I know.....Bud Owens opening up and marking recently received fishing tackle.....at his fountain and store which he reopened last Friday.....abetted by Joan Rose and Maggie Copeland.....Tony Polyanich dropped a card to his spouse, Essie, from Paris.....the one in France.....saying he was leaving there the 16th, was due in N. Y. the 21st.....and she anticipates his arrival home today or tomorrow.....The face of Brown's Cafe and Stan's Barber Shop.....side by side.....shine out from under the old awn-

ing in a bright new coat of red and white.....fresh this week.....Howard Snider is in the army now, according to his sister, Mrs. Dave Rose.....Howard is the youngest son of Mr. and Mrs. Hobie Snider of Nevada City.....a former local lad and off-time employee of the Loynd Drug stores.....he's at Fort Ord with the Infantry.....while his big brother, Kenneth, is overseas with the Air Force....."Spanish John" Rau of the Donner Hotel remarks that the thin veneer of civilization some folks wear is easily removed.....with a little alcohol.....Oscar Quam brings the recent blessed events of his shoe shop tabby, Boots, up for the light of day.....says they're all bespoken....."but aren't they cute?".....There's something about a sailor.....last evening I saw Tillie Smith arm in arm with Young Humbert Ciardella.....the latter home on a leave from the Navy again.....Bank of America's bright big neon straddling the end of the sidewalk again.....after falling windward during the past winter.....Vina Clepper unpacking and arranging the Mother's Day cards at Loynd's Truckee Drug.....it's May 10.....or two weeks from come Sunday.....Did you catch Harvey Hocker on his way to 20-30 last night.....covered with a bright blue knit cap.....topped with a red tassel?

WE HAVE BOTTLED GOODS AND
ICE CUBES TO TAKE OUT

NORTH TAHOE

by THELMA BURROUGHS

This community was shocked and grieved last Thursday week when news came of the death of Tom Thatcher, local real estate broker. Death came the Wednesday prior as a result of a heart attack, at the Lowrey Air Force Base near Denver where Tom was stationed as a reserve officer. The Thatchers had moved into their new quarters at Carnelian Bay a short time before leaving for Colorado. Surviving are his wife, Judy, and daughter, Sharon. Friends of the Thatchers have been advised that Judy and Sharon will go on to Wisconsin for a while before returning to the lake. Sincerest sympathy is extended to the bereaved.

As guests of the Andy Andersons last weekend were the parents of their son-in-law, Nelson Walsh, Mr. and Mrs. Nelson Walsh Sr. of Easton, Pa., with their daughter, Inez, who enjoyed several days of this fine atmosphere with the Andersons, before Louise, glad to try out that new car of hers, took the Walsh family down to see the kids, Nelson and Pat, and the little ones. After a short visit with the offspring, Louise returned home with nothing but high praise for the performance of that sparkling new automobile. Inez flew back to Pennsylvania and the elder Walsh couple remained for a longer visit with Nelson and Pat in San Leandro.

Dot King has that sort of lonely look since son, Norman, has gone back to Long Beach where he is stationed. She says the Ford that Norman left up here for her to drive and care for while he is in the service is a pretty nice deal. Norman brought his grandmother, Mrs. Donnaly, up for a visit a couple of weeks ago. She is a spry little lady of a good many summers and with a spirit that would put most youth to shame.

Mrs. D. H. Ford is enjoying the month of April with her relatives and friends in Los Angeles. That is, except for the fact that both Bobby and Durwood have had the chicken pox since going down there.

Friends of Edith Hobbs will be glad to know that she is at home now and can see visitors.

Rube Welch is resting up a bit at home after a sojourn at a Reno hospital.

June Mandeville is on the improvement list, too.

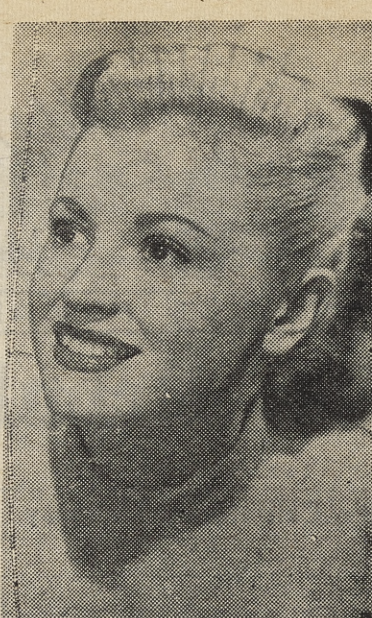

Friends of Jimmie (Butch) Crawford are cheering for that game little guy.

Among those returning to their summer homes and businesses during the past few days are Billy and Dottie Martin, who wintered at Palm Springs; Fred and Frances Rockholm, who also spent the cold months at Palm Springs; the Leo Marthallers of Carnelian Bay; Leon Barker, Kings Beach; John Badura, Kings Beach; Pearle and Paul Koltes of the Pine Pantry, Kings Beach; Harry Stubble, broker; Vivian Summerfield, Crystal Bay; Anna Blaue, back at Tahoe Vista from a winter in Hollywood.

NEW AIR LINE AT S. F. AIRPORT

Japan Air Lines Company is the latest addition to the growing list of major air carriers using facilities of the San Francisco airport. The line will provide flights between Japan, Honolulu and San Francisco, according to James H. Turner, utilities manager.

Oregon was the leading producer of filberts in 1952.

A newcomer to Sacramento Music Circus, pert Jet MacDonald is sure to win the hearts of audiences in the big circus tent at 15th and H Streets this Summer. The light opera festival opens June 15th for a 10 week season.

UTILITY DISTRICT HOME SITES ARE BEING FILLED

Leslie C. Oswalt of Albany this week became the 33rd person to obtain a lot in the Meadow Lake Park Tract of the Truckee Public Utility District. Oswalt is an enthusiastic skier and expects to build a home suitable for summer and winter vacation usage.

"Since this tract was first opened to home builders in April 1947, twenty-six homes have been built thereon at an estimated value of over \$125,000," according to Manager C. Edmunds of the utility district.

Bordens Build Anew
Mr. and Mrs. Frank B. Borden last week obtained the deed to their second lot in the area. Borden is the contract mail carrier between Truckee and Tahoe City and this is the second home in this tract he has completed. His first home was sold to Mr. and Mrs. J. B. Wilson, who later disposed of it to the present owners, Mr. and Mrs. Paul Kaspian.

Forty-one lots have been surveyed and laid out in this tract and seven are now in the process of having homes built on them. Six parcels remain to be disposed of — two parcels having been set aside for neighborhood park and playground purposes.

Acquisition Simple
"Each parcel of land," said Edmunds, "is approximately a third of an acre, with a frontage of 140 feet and a depth of 100 feet and with a 50 foot right of way dedicated in front and rear of each parcel for a road way. The only requirement to obtain one of these parcels is that a suitable home shall be built upon it and a deposit be made to cover cost of installing electric and water facilities."

"Edmunds stated the utility district has approximately 20 acres adjacent to this tract which it is willing to dispose of to any promoter who will guarantee to subdivide and have homes built upon the same within a reasonable period of time. This property, according to Edmunds, is one of the "last remaining scenic sites left in that area."

WELL CHILD HEALTH CONFERENCES SET BY KINGS BEACH PTA

TAHOE CITY— The Kings Beach Parents and Teachers Association is sponsoring a "Well Child Conference" to be held at the Carpenters' Hall there from 9 a.m. to 11 a.m. Tuesday, April 28. Doctors and nurses, engaged by the county, will give, free of charge, to children of preschool age examination, vaccination, immunization or check-up as needed in each individual case.

Advice and information on child care will be given to the parents or guardians on request and discussion on such matters will be held a length during the two-hour period.

Parents are invited to bring their "well" children at this time for any part of the free services here mentioned or to attend themselves and take part in the discussion.

HUSBAND AND WIFE SKI PATROL TEAM GIVEN RECOGNITION

NORDEN— Jack and Esther Marturano, a husband-wife team with more than ten years of volunteer ski patrol service to their credit, were among the honored guests at a dinner party Sunday at Sugar Bowl Lodge.

Marturano is National Ski Patrol section chief for the Donner area and in charge of the Sugar Bowl patrol, along with his wife. The two Sacramentans will supervise the slopes Sunday when Sugar Bowl stages the important Silver Belt Trophy race.

SEN. BERRY WOULD HAVE STATE GET FRONTAGE AT LAKE

SACRAMENTO—(C.N.S.)— A move for the state to acquire a large amount of Lake Tahoe frontage around Emerald Bay was under way today by Senator Swift Berry, Placerville Republican.

Berry introduced a bill into the senate which if adopted would give the state division of beaches and parks authority to buy the property known as the Vikingsholm estate and some additional property around the bay.

The additional land, he said, would be included in D. L. Bliss State Park, an area of nearly 1,000 acres already owned and developed by the state division of beaches and parks.

The bill was introduced, Berry said, to ask the legislature to waive the matching provisions of the state law, which require another government agency, or some private organization or individual to match in funds or in kind, the amount of money contributed by the state.

"There is no matching money available for purchase of this

LAKE LEVEL DATA, WEEK'S WEATHER

TAHOE CITY— During the unsettled weather last week, three inches of snow fell at Tahoe City which, combined with a little later rain, left 63 of an inch precipitation, according to Arthur Frodenberg, local weather observer. On Monday morning at 8 o'clock the lake level was 6227.78 feet, with all gates closed. There were 15 inches of snow on the ground at that time, dwindling fast in the spring climate.

Daily high and low temperatures for the week before were April 13th: 45, 25; 14th: 45, 24; 15th: 55, 24; 16th: 46, 28; 17th: 40, 25; 18th: 47, 22; 19th: 52, 31; 20th: low 33.

HOOKER OAK

The Sir Joseph Hooker Oak, in Bidwell Park near Chico, is said to be the largest oak tree in the world.

land," the senator said, "and the state can make an excellent buy at the present time, preserving the area for use of the public. It is one of the choicest spots around Lake Tahoe."

Best Servant A Woman Could Ask For

and the best bargain, too

Your servant — electricity — is on the job night and day. Never complains about long hours, never asks for a day off. And it can do just about anything. Helps you cook, wash clothes or dishes ... gives you plenty of hot water ... does dozens of other jobs.

No other form of energy today does so many things as well as electricity.

And to top it all, electricity works for the lowest wages you can imagine—thanks to our low rates.

Go all-electric and get the FULL benefit of our "step down" rates.

You'll save time, work and money with ALL-ELECTRIC service.

KITCHEN TIPS

FROM THE CRYSTAL MAID

"That looks good enough to eat" is more than just a saying. Good food should be planned to look good . . . to tempt the appetite and please the eye. Think of how the food is going to look when you plan your menu . . . use the colors as an artist might—the bright green of spinach, the deep red of beets, golden carrots. Here's a meal planned to look good enough to eat; and we use a prize-winning salad dressing recipe sent by Miss Helen Duden of Sacramento. Have you sent in an entry?

SCHOOL NIGHT DINNER

Meat Loaf - Broth Gravy
Parsley Noodles - Glazed Carrots
Green Salad
Low Calorie Dressing
Crystal Butter Car-Mel
Ice Cream
Coffee
Crystal Vitamin D Milk

Glazed Carrots

Cook little spring carrots until tender. As a glaze combine half a cup of corn syrup with 3 tablespoons Crystal Butter. Bring to a boil, add carrots and simmer until well glazed. Add 1/2 teaspoon cinnamon or ginger for more flavor, if you like.

For a big meat loaf, that will serve 8, or give you leftovers to use again, use 1-lb. ground veal, 1 1/2 lbs. ground beef, 5 slices stale white bread, Garlic, onion, parsley, and I have one recipe that calls for dry mustard and I've given an interesting flavor to meat loaf by adding a teaspoonful of poultry seasoning.

Low Calorie Salad Dressing
Miss Duden, who wins \$5.00 worth of Crystal Dairy Foods for sending this recipe, says

that this dressing has about 33 calories per tablespoon. That's less than many other kinds have, and the Crystal Cottage Cheese contributes a lot of rich protein.
1/2 cup Crystal Cottage Cheese
1/2 teaspoon salt
1/2 teaspoon paprika
1/2 teaspoon sugar (optional)
Dash cayenne
2 tbs. lemon juice
3 tbs. mayonnaise
Beat until well blended. Serve on a green salad, a molded vegetable salad or lettuce wedges.

Do you keep Crystal Butter-milk in your refrigerator, ready for a cool, healthful drink? Buttermilk is so easy to digest, so low in calories you can have all you want. And Crystal "double-fresh" Buttermilk, with its fresh-churned flavor and golden flecks of butter all through it, is so good you'll want a lot!

W. F. CURRAN, Distributor
Telephone Truckee 42

TAHOE TOPICS

by ETHEL J. VERNON

The changeable spring weather that comes with mid-April to Tahoe seems to increase the mountain locality's lure and charm for the traveling public. The lake circle drive, now free from snow and in prime condition nearly all the way around the lake, is buzzing with visiting traffic day after day. When April showers sprinkle the warm roadbed it seems to only speed up the trains of autos a bit along the highways and when the lake lies like a crystal mirror, as it does about every second day now, reflecting deep blue sky and a rim of inverted clear-cut mountains, this beautiful change serves to pull out about every second link in the continuous chain of cars and park it along the banks overlooking the lake, until the lake-shore roadside is parked solid with cars. And we certainly don't blame the tourists for stopping to look, for a more beautiful and inspiring sight cannot be found anywhere in the world than our Sierran mountain ranges mirrored in the lake of the sky, with the smile of early spring all around.

Along the lakeshore commons, during the past week, C. W. Vernon led a clean-up crew through a good part of every calm afternoon. A large amount of debris from last fall's pier repair operations was stacked and burned beside the water. Fire Chief Al Henry Jr., with his powerful Jeep, snaked great numbers of logs out of the lake's edge, pulling them high and dry where there can be no further danger of them washing out in rough water to endanger fishing boats. Thick carpets of pine needles were raked in piles along the hillside commons and countless numbers of fallen cones stacked for burning. Last year's dry weed stalks and scrub brush were dug and piled, and the beaches left clear and clean for the coming of the (hoped-for) loads of sand. A committee was recently appointed to consult business men of Tahoe City concerning contributions toward the hauling of sand to replenish the wave-washed beaches along the commons. So far, however, nothing for certain has been arranged in the matter.

Mr. and Mrs. Otto Darlin, former Tahoe residents who have resided in Berkeley for about 12 years, decided recently to move back to this locality. Darlin, who still owns lakeshore property in Tahoe City, plans to build a combined home and business office on it for permanent residence. The home site is a lot on a high bank between the Village Store and the lake's edge, a choice spot because of the beautiful lake view from there. Martin Spitsen, local building contractor, will start work on the building early this week.

At Squaw Valley on Sunday the last really important skiing event of the late ski season at the valley

was run off fairly well in spite of wet snow flurries. It was the Alexander McFadden Memorial Downhill race. This event was named in honor of a great skier who was lost in an avalanche at the height of his ski sports career. His sister, Mrs. Caroline Ewing of Villanova, Pa., is now a guest at Squaw Valley Lodge and presented the awards after the races Sunday.

Another world famous skier who has been staying at Squaw Valley during the past week is Jacques Murtin, a former brigadier general in the French Army — a native Frenchman who travels from place to place all over the world where ever ski sports are being held. Murtin has only one leg but is an ace skier nevertheless. He wears a very natural artificial limb for ordinary daily activity but removes the leg when he skis. He wears one ski on his sound foot when skiing and his two ski poles are fitted with skis fastened solidly on their lower ends, so that he slides smoothly over the snow on three skis instead of two like other skiers.

Wayne Poulsen, Pan-American pilot, returned to his Squaw Valley home early last week, after an extended overseas flight. Wayne, finding time on his hand in New Zealand, went hunting in the mountains there. He shot a fallow deer and brought the mounted head home with him. This week he is visiting in Las Vegas, having motored there with his wife, Sandra, and baby daughter. His parents, Dr. and Mrs. W. Poulsen, are saving with the four Poulsen sons meanwhile. Wayne planned to do some hunting among the mountains around Las Vegas.

Attendance at last week's Rotary dinner at Tahoe Inn numbered 17, including a guest, Bill Hunter of Lake Forest and one make-up man, F. Campbell of the Brockway Rotary. E. H. Pomin, who had spent the winter on a vacation tour of Mexico, was welcomed back to the home club at this meeting. The evening was entirely social and following the dinner a motion picture titled "Redwood Industry of California" was shown.

A special meeting of the Lake Tahoe-Sierra Chamber of Commerce was held in the Tahoe City Community Center on the evening of April 14. The principal reason for the meeting was discussion of the forthcoming "fisherman's luck" events, which are to begin May 2 with the opening of fishing season in the lake and last throughout the month. President Fred Main appointed a committee to draw up rules by which the fishermen are to record their catches from day to day. The rules committee includes Waldo Gross of Lake Forest, Herbert Obexer of Homewood and H. E. (Pappy) Brooks and Roy Porath of Kings Beach. All are among the top-notch fishermen of the lake region.

Dr. and Mrs. Henry Searls of Carmel Bay and San Francisco motored up from the bay metrop-

olis last week to Nevada City, where they stopped over to enter the ashes of the doctor's brother, according to the wishes of the deceased. From Nevada City they were accompanied to their Carmel Bay home by their friends, Mr. and Mrs. M. Proctor of that city. The Searls' son, Henry Jr., recently returned home on furlough from Air Force duty in Korea. His next duty tour will take him to Pensacola, Florida, for a number of months. Dr. Searls is leaving soon for Lisbon, Portugal, where he is scheduled to deliver an important address at the Portugal University.

Dr. and Mrs. William Henry, with their daughter and three sons, motored up from their ranch in the Sacramento Valley to spend the weekend in their summer home at Tahoe City. They are putting their place in order here for the approaching season's opening, as they plan to summer here. The doctor has built up an extensive practice in the valley locality and plans to engage a substitute there to take over during the summer months.

Mr. and Mrs. Robert Pomin and family have returned to their Tahoe City home from Oakland, where they spent the past winter and are getting ready for the opening of the summer season. Robert will again be busy with his work of repairing wharves and piers.

Mr. and Mrs. H. Phillips of Menlo Park spent the weekend on an inspection trip to their summer home at Carmel Bay. They plan to spend the mid-summer at the lake as usual.

Bud Scott, who wintered with his family in their seaside home near Carmel, spent a few days in this locality during the past week. Through the past winter, the Scotts have been visiting their lakeshore home near Tahoe City at intervals, renovating and redecorating for the coming summer.

Mr. and Mrs. Richard Carnell of Tahoe City motored to San Francisco for a few days last week on a combined business and pleasure trip. Their young sons, Johnny and Tommy, were left during their absence in the care of their grandparents, Mr. and Mrs. Floyd Carnell.

Pedro Equinoia, an old time Tahoeite who has regularly resided in San Francisco for the past 17 years, was a visitor to Tahoe City during the past week. He spent most of the time inspecting his property here and putting the cottage in shape for renting again this summer.

Mr. and Mrs. Herb Dana, summer residents of Tahoma for several years past, are reported to be on a European tour this spring. The last communication from them received by Tahoe friends was postmarked in Athens, Greece.

Joe and Marie Henry, in their Front Street home at Tahoe City, have been spending the evenings this past week enjoying the luxury

of a large television set and have invited all their friends and neighbors in by turns to witness the operation. This is the first time TV has been known to operate on this side of the lake and it is found that surrounding mountains apparently have no ill effect upon its operation. The set belongs to Mr. and Mrs. Vern Daniels, who recently returned here from Las Vegas.

Birthdays which rolled around for Tahoeites, at home and abroad, include those of Capt. Hans Hansen, now residing at Half Moon Bay; Fern Schlueter, Tahoe Park; Mrs. Della Goss, Tahoe Tavern; A. M. (Red) Anderson, Village Store, and Floyd Carnell, the Willows.

Mr. and Mrs. A. M. Henry motored to Auburn Monday on a trip of combined business and pleasure. Mrs. Henry, who is a director of the Placer County board of health, was to attend a special meeting of the board there Monday evening.

Mr. and Mrs. N. R. Mayfield have returned to Tahoe City from Sacramento where they spent part of the winter.

MAX PORTER SEATED AS PREXY OF LAKE TAHOE SKIERS

TAHOE CITY—Members of the Lake Tahoe Ski Club turned out in force last Friday night for installation of officers and a dinner in honor of out-going and in-coming officers.

Max Porter was installed as the president, to succeed Bill Bech-dolt. He had previously served as second vice president. Other officers installed include Bill Jenkins, first vice president; Charles Cross Jr., second vice president; Earline Brumbaugh, recording secretary; Dorothy Bury, corresponding secretary; Jim Stuart, treasurer; Bud Jones, chief of hill; Ray Fellows, junior director and Blanche Donaldson, tournament director. The new board of directors are Al Henry, Rick Gian-nini, Bill Ball and Bob Stark. The elected officials and directors constitute a 13-member board of directors.

At the conclusion of the meeting, the new president asked for a full attendance at the next Friday meeting, when the number one subject will be ways and means of financing the club's activities next winter.

No Recess For Parents: Children Need Constant Parental Care And Guidance

by J. Edgar Hoover, Director, Federal Bureau of Investigation
TODAY right - thinking Americans are, I am certain, wondering about what can be done to erase crime from the American scene and steady youth's journey on the road to clean, American adulthood. I sincerely hope and pray that all adult America will awaken to this problem. It is your problem because your children and your neighbors' children are involved.

The answer to this problem depends upon a proper analysis of youth and the guidance so necessary to prepare youths for adulthood.

THE NEWBORN BABY lying in the cradle is a rich accomplishment of the Creator. As the child grows there is a steady development of his intellectual faculties.

This growth and development should be carefully watched and nurtured by the parents. I cannot imagine that any right-thinking parent would argue about where the primary responsibility rests in the matter of assisting in the mental, physical, moral, and social development of a child.

"THE LIFE OF THE FAMILY IS THE LIFE OF THE NATION." If parents are to chart successfully a course of training which will prepare a child to assume his role as an adult, the training ground must be the home. There must be no barrier between the parent

and the child.
In a great many cases today, current social and economic conditions tend to pull parents and children away from the family hearth. Children are compelled to seek enjoyment outside of the home to a degree that is detrimental, in many instances, to their physical and moral welfare.

A GREAT MANY parents are influenced by outside attractions and fail miserably to provide the constant care so necessary for the well-being of their offspring. Parenthood

and indifference cannot go hand in hand.

THE NATURAL AND PROPER place to prepare a child for all phases of human activity is the home. Parents who necessarily must assume the role of educator cannot declare a recess. Our nation certainly cannot hope to check this problem of youthful crime unless some of the homes which make up our communities and the parents who guide them basically change their attitudes and actions.

† Public Feature Service, Washington 25, D. C.

JOHNSON FAVORS SMALL COUNTIES IN ROAD PROJECTS

SACRAMENTO— Senator Harold T. Johnson of the 7th senatorial district, supported a resolution in the upper house of the state legislature to permit counties to match with labor and equipment federal aid highway funds for construction of county roads.

Johnson pointed out that although the federal government now allots specified sums to each county for secondary highway programs, the money often reverts to the state highway system when the counties are unable to match the allotments in cash.

This is especially true of many of the smaller, less accessible counties, he said, whose available cash is limited. These counties already have the manpower and road building equipment, but under the present policy of the state department of public works, Johnson explained, they are barred from utilizing these as their share of the federal aid funds.

The resolution, backed by the County Supervisors Association of California, follows a pattern set by the Nevada legislature and is in direct response to Nevada's request for California's cooperation.

The resolution states in part: "Be it resolved by the Senate of the State of California that the State Department of Public Works is advised that it is the view of this senate that said department should immediately adopt the policy which will permit counties in proper cases under existing law to use county equipment and county employees in lieu of cash of matching with respect to certain secondary highway construction."

William R. MacDougall, general manager of the county supervisors association, commenting on the present policy of the department of public works in relation to the problem, said:

"The policy, especially as it applies to the letting of contracts, works a particular hardship on our rural counties. Their revenues are so limited for road work, that to match dollar for dollar the federal allotments, would drain the county treasury to build one or two roads and force them to neglect the remainder of their highways."

SKY WATCH LEADER—Major Eugene E. Churchill, World War II fighter pilot in North Africa and Italy, is new director of Ground Observer Corps program for the Air Force in Northern California. (Air Force Photo)

MAY 4 HEARING SET ON REZONING

CARNELIAN BAY— Monday, May 4, has been set by the Placer County board of supervisors for hearings on a petition by Elston R. and Mary P. Garrow, and Tom and Gertrude Thatcher for rezoning and reclassifying certain property around Carnelian Bay from single family to commercial and multiple dwelling. The hearings will commence in the supervisors chambers at the court house in Auburn at 2 p.m.

Involved in the petition are some 27 lots in four "blocks." All the property lies in zone district area No. 6, Lake Tahoe.

IT'S WISE TO ADVERTISE!

FISHERMAN'S DIGEST

TAHOE CITY— The Lake Tahoe-Sierra Chamber of Commerce has prepared a handy guide to boat rentals, sporting goods stores and fishing guides around Lake Tahoe. It also contains some general information pertaining to fishing in and around the big lake.

Distribution of the guide is to sportsmen's organizations, sporting goods dealers and others interested throughout California and Nevada. Headquarters for the chamber is at Tahoe City.

NOTICE TO CONTRACTORS
Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the "Owner" will receive up to, but not later than 8:00 P.M. on the 28th day of April, 1953, sealed bids for the award of a Contract or Contracts for a Classroom Addition to the Truckee Elementary School, Truckee, Nevada County, California. Such bids shall be received at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway 40 near Truckee, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and local laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage	Per Diem	Legal Holidays And Overtime
Bricklayers	\$3.25	\$26.00	\$6.50
Carpenters - LAKE TAHOE AREA	2.79	22.32	**
Cement Finishers	2.57	20.56	*
Electricians	3.00	24.00	6.00
Glaziers	2.45	19.60	***
Iron - Reinforcing	2.60	20.80	5.20
Laborers - General	1.85	14.80	
Painters and Decorators			
8 hours Temporary	2.40	19.20	4.80
Plumbers	2.90	23.20	5.80
Roofers	2.66 1/2	21.32	****
Sheet Metal Workers	2.65	21.20	5.30

Overtime: Saturdays, Sundays and Holidays - double time unless otherwise shown.

* For the first two hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

** For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

*** First four hours after eight hours of work Monday through Friday and eight hours on Saturday shall be paid for at the rate of time and one-half. All additional overtime worked on any said day by any employee shall be paid for at the rate of double time. Sundays and Holidays, double time.

**** Any additional time worked after the first eight hours of the regular work day and Saturday and Sundays shall be paid for at the rate of time and one-half. Holidays shall be paid for at the rate of double time.

Each bid must conform to the requirements of the Plans and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Architect, GORDON STAFFORD, 1024 1/2 Jav Street, Sacramento, California, upon deposit of \$25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made on a form provided by the Architect and accompanied by Certified Check, Cashier's Check or Bidders' Bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or Bid Bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the Surety Bond or Bonds required with 5 days after notification of the award of the Contract to the bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said Bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

DATED THIS 10th DAY OF MARCH, 1953.

V. C. SHATTUCK, Clerk of the Governing Board of the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT
Counties of Placer and Nevada, California. (a9-16-23)

CLEAN AS A WHISTLE
It's a real pleasure to put on your favorite suit or dress after it has been cleaned and pressed at Fontana's. It's really surprising how new looking they can be.
Why not check now on your wardrobe? Send your clothes to Fontana's to be cleaned and pressed. Those clothes will come back to you fresh and "clean as a whistle" and looking like new.

EX-TRUCKEE FELON HELD IN OREGON ON MURDER COUNT

NEVADA CITY—John Sturgill, sentenced from Nevada County in 1945 for a knifing at Truckee and later released from Folsom state penitentiary, now faces a first degree murder charge in Oregon.

District Attorney Courtney R. Jones of Linn County, Ore., of which Albany is the county seat, has asked County Clerk R. E. Deeble here to send him a certified copy of the 1945 conviction for use in Sturgill's murder trial.

The record on file in Nevada County superior court shows that a jury on March 7, 1945, found Sturgill guilty of assault with a

deadly weapon and that Sturgill was still in Folsom as late as 1951, serving an indeterminate term of up to 10 years.

Testimony at the trial showed that the assault took place outside a tavern in Truckee late the night of December 2, 1944, when Sturgill and William Felder, both construction workers, got into a fight after drinking. Sturgill used a jagged bladed knife, which became detached from the handle during the scuffle on the ground. Testimony also indicated Sturgill later knocked Felder out of a chair in a cafe while Felder was receiving first aid.

The jury recommended leniency in its verdict. The record shows the jury was not informed that Sturgill had admitted two prior

PLACER BUILD CODE CHANGES TO BE DISCUSSED FRIDAY

TAHOE CITY—Proposed amendments to the Placer County building code ordinance will again come up for discussion by the board of supervisors at Auburn when they meet with members of the county planning commission Friday, April 24.

One of the principal items under consideration is a proposal to hire additional building inspectors to provide uniform inspection in unincorporated areas of the county. The changes would also tighten up control over residential electrical and plumbing installations. It is proposed to make building permit fees large enough to enforce the program.

At the last meeting on the subject, a delegation from Lake Tahoe, including Asa Abbott, Mac Burroughs, Bob Tonini, Bill Jenkinson and Warrne Urch, indicated the ordinance would have the support of Tahoe area people if an inspector residing in that district was available at least between May and October.

Data were introduced to show that 43.1 per cent of the building permits in the unincorporated areas of Placer County were issued in the northwest Lake Tahoe section.

CALL OF OPEN ROAD IS OFTEN FATAL, SAYS PATROL BOSS

SACRAMENTO—With an eye on the spring weather that invites long weekend drives, the California Highway Patrol today reminded motorists that the traffic death toll on rural highways is more than twice that of city streets.

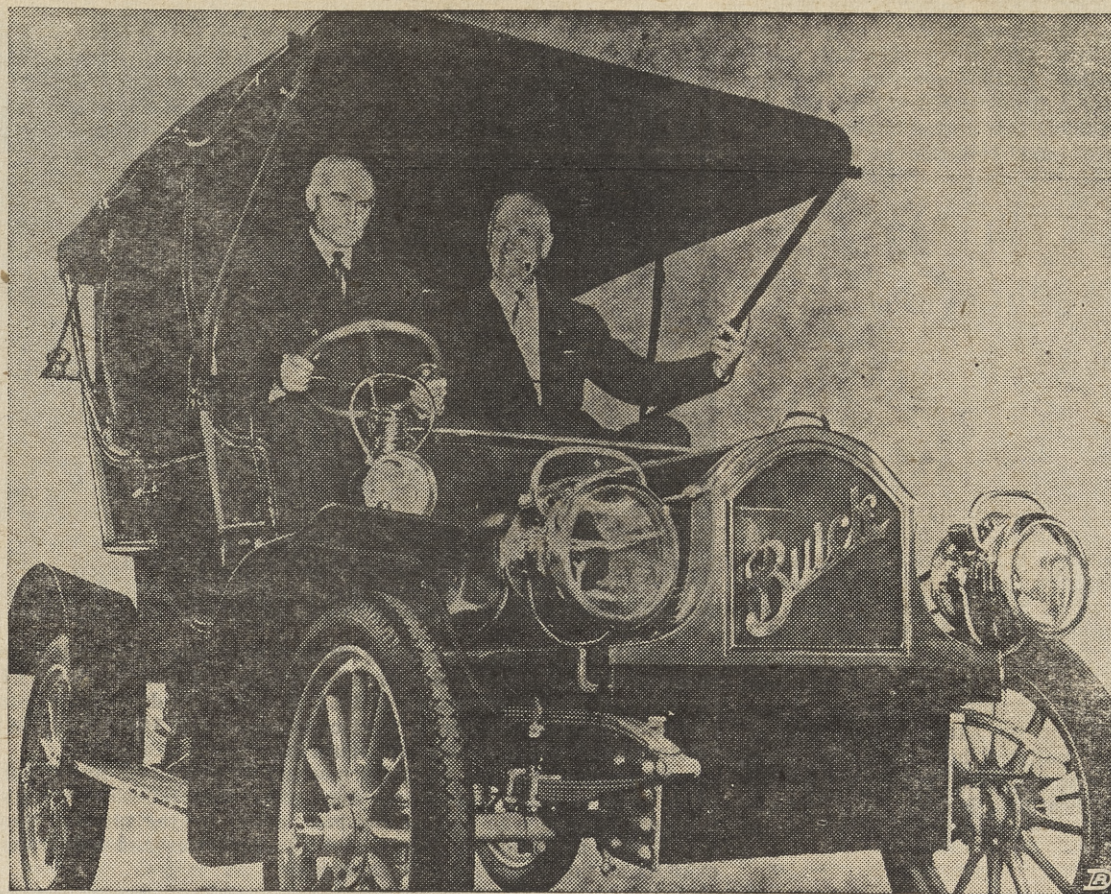

Patrol Commissioner B. R. Caldwell said that so far this year about nine persons have died in rural mishaps to every four in accidents within cities.

He also noted that last month the total number of rural traffic deaths rose 18 per cent after a five-month downward trend. High speed and the resulting severity of rural accidents is the chief reason for the wide difference between the two death rates, he said.

Caldwell cautioned motorists against false security when driving on straight, level stretches of good highway and when the weather is clear and the pavement dry.

The overwhelming majority of fatal and injury accidents occur under just those conditions, he declared.

Buick's First Customer — A Half Century Later

In the days when most doctors made their daily rounds in a horse and buggy, an enterprising young physician just starting his practice in Flint, Mich., purchased a "horseless carriage." It was the first car ever sold by a new maker—Buick Motor Car Co. Buick, now the fourth largest manufacturer of automobiles in the world, is observing its Golden

Anniversary this year and when the city of Flint staged a "Salute to Buick," Dr. Hills, who lives in Birmingham, Mich., was present. He is shown at the wheel of an early model Buick with Ivan L. Wiles, general manager of Buick and vice president of General Motors.

WILSON VETOES
During his term as president, Woodrow Wilson vetoed a total of 44 bills.

What's new about
"TT" DYNAFLOW?

The TAKE-OFF'S
TERRIFIC!

It's only fair to warn you.

When you try a new Buick with the sensational Twin-Turbine Dynaflo Drive,* you'll tingle all over with thrill.

You'll sweep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice. You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat. You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real.

This is what actually happens when you're at the wheel of a new 1953 Buick with TT Dynaflo.

Twin Turbines in the Dynaflo unit, instead of just a single one—in addition to other engineering advances—make the tremendous difference.

So you feel a firmer and more immediate "take hold"—get far faster getaway, new

quiet and efficiency, plus infinite smoothness to and through every speed range.

There's a lot more to be had, of course, in these great new Buicks. Higher horsepower and compression ratios. A still finer ride. Easier handling. Improved visibility. More comfort and richer interiors.

But start with take-off—the greatest in Buick's fifty great years—and learn the rest of the story from there. Can you drop in on us this week?

*Standard on Roadmaster, optional at extra cost on other Series.

All set for Summer

COUNTY AGED AID IS ABOVE STATE, NAT'L AVERAGES

In Nevada County about 39 out of every 100 persons aged 65 or over in the county were receiving aid as needy aged during February, California Taxpayers' Association said.

During February, 907 people were on the aged aid rolls of the county. The 1950 census data show 2,352 people in the county 65 years of age and over.

In California as a whole, 30 people per 100 aged 65 and over are getting aid as needy aged, compared with the 21 per 100 of the 65 and over age group getting such public assistance throughout the nation.

California's aged aid rolls for February showed 272,481 people getting this one kind of aid, compared to the 895,005 people in the state aged 65 and over as shown by the 1950 census.

Throughout the nation, there were 2,628,648 people on the aged aid rolls during January, 1953—latest nationwide data available—out of the 12,759,000 aged 65 and over in the nation, estimated by the census bureau for July, 1951.

SUMMIT SCENE

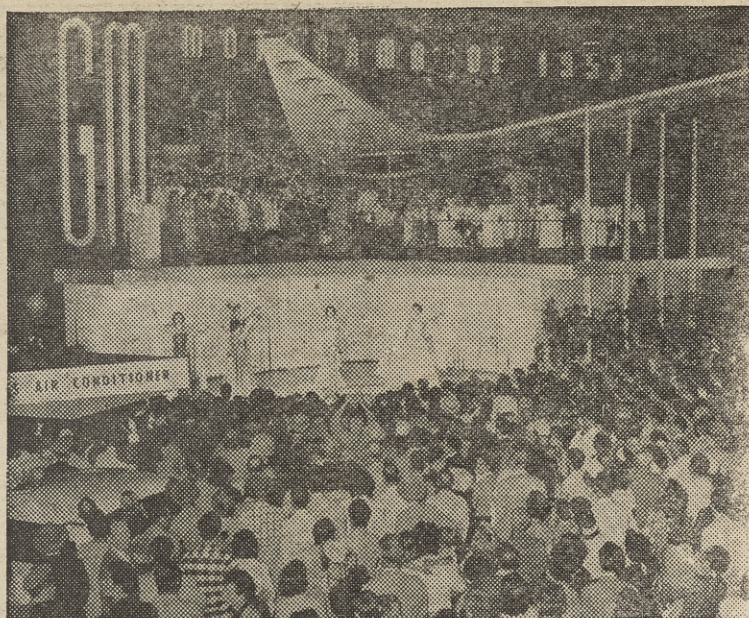

by FRAN COUILLARD

Summit Scene is a spring scene after the first real rain last Sunday. Residents' faces pressed against window panes reflected the hope of spring's first warning and voices chanted "this means the end of the snow." Skiers' faces (and there were many in spite of the "iron curtain") that descends after Easter Sunday) looked toward the ski terrain and bade farewell to Sunday's skiing. This time of the year is indecision time. Will there be any more big weekends? Operators look at their employee pay roll and scratch their heads in speculation. A handful of die-hard skiers roll into the area and wonder why tows are closed. But we who have looked at dirty snow banks, wonder if green stuff and flowers can really exist under the still frozen, spongy pack. We face with dread the stuff that is about to emerge—such as empty beer cans, decayed banana skins displayed on an old wool sock, chain links and squashed sardine cans, heaps of debris pushed out of family cars after a "snow picnic," pungent orange peel and faded milk

cartons, ski bindings and, ski pole baskets, flash camera globes and chicken bones, soggy potato chips, windshield wiper blade, empty cigar box and dirty ski mitt, and bottles, bottles everywhere—with nary a drop within. All of this is evidence that spring is about to be here—and evidence of a terrific winter; evidence of lots of hilarity. We also know that as the new spring blood rises in our veins, we ache to grab rake and shovel and make passes at the granite that lies beneath the top soil. Not being a Lola Schull, who can make the desert blossom like the rose, we merely scratch a bit and follow the receding tide of snow with our rake, getting a thrill out of each scraggly, brown bunch of mountain grass as it emerges from its winter prison.

We take time out to watch a squirrel, a snow bird and a robin playfully quarrel over a saucer of crushed peanuts and a hunk of French bread. We note Fay Clark of Donner Summit Lodge singing as she washes Venetian blinds. Chuck Reynolds of the same place basks in the sun whilst he washes and polishes his convertible. Peg Travis thumbs through various publications looking over spring

GM Motorama Stage Show

HERE'S HOW the fast-moving "Motorythms" stage show will appear to the crowds expected at San Francisco's Civic Auditorium May 1-7 for the General Motors Motorama of 1953. A cast of 24 dancers, tumblers and other entertainers joins a 24-piece orchestra and 14-voice chorus in "Motorythms" which appears six times daily at the Motorama. Suspended over the two-level mechanized stage is a huge "flying wing," one of many imaginative decorations that GM showmen have designed to supply an appropriate background for the special "dream cars," 1953 automobiles, new household appliances and many other exhibits at the admission-free Motorama.

modes. Plants come through the mail for post office patrons. Eleanor Johansen salvages small milk cartons to place over new plants. Charlie Secco runs his heavy equipment in his parking area as he cleans up winter debris. We hardly can resist wearing our Easter earrings (baskets of luscious looking fruit, entirely springy) but they don't go well with jeans. The highway men leave the Summit for their Yuba Gap station. Listless skiers sit on the patio in front of the Snow Flake and sun themselves—too drugged by spring to put on their boards. Soda Springs Hotel initiates the beginning of spring with Barbara Nelson, a Sacramento organist, who fills the place with spring songs. Doris and Brant Chaplin take a trip Sacramento-ward and over Knights Landing way to visit their offspring and breathe a few flower-scented breaths. Bill Rutherford takes a well earned day off and lazily rides around Lake Tahoe. Dav Tschopp and Maude Howard, on winter-weary feet, kick off inhibition and samba and rhumba to Barbara's music. Goldie Rowton housecleans. Yep, it's in the air!

We come as near to Queen Elizabeth's coronation as we are apt to get when we peak of Jim Heywood's and Gordon Reber's shoulders as they open registered letters which read, "Exchange Voucher: issued by the Coronation Committee of Canada for Coronation of Queen Elizabeth II, Tuesday, June 2, 1953, London, England. To be exchanged at Canada House, Trafalgar Square, London, England, for one ticket for a seat in a stand along the route of the Coronation procession. Position:

The Mall Block Row Seat Stand No. 36 Single H No. 2"

The Heywoods and the Rebers of Cisco Grove buy new clothes and luggage like mad as they get ready for their drive to New York and their reservations on the Queen Mary, Britain bound. Incidentally, they leave the date we go to press.

Another harbinger of spring's devil may care influence: Bertha Chaney of Donner Summit Lodge, who lost her car and personal belongings in the "big fire," drives home a Cadillac from Sacramento.

Wanda Misener is now a commuter, between Millbrae and Soda Springs. Whilst Virg Misener labors with Bud Horak at the two's newly acquired super service station in San Bruno, Wanda keeps the flags flying at the Snow Flake weekends, then back to Millbrae

and her new home for mid-week. She reports Betty and Bud Horak happy and delighted with their new home.

Some more spring song. Just as we write Helmer and Helen Bergman, Tony and Eve Donadio, Lake Tahoe bound. These good friends bring a spring breath from Watsonville and Lodi. Jim and Eula Sherritt contemplate a few new spring accessories as they plan for the Rotarian wing-ding at Elko, Nevada.

A telephone call from Roy Thompson in San Francisco, where he and Jess traveled last week, informs us that Jess is recuperating nicely from a serious operation. Velda and Glen Parsons feted

the men who keep our highways free of winter snows with a big Chinese dinner. The works—chow mein, rice, shrimp, noodles—yep, the works. The men brought their wives and the place was pretty well filled up last Tuesday.

Seen eating steak at Donner Summit Lodge: Mr. and Mrs. Paul Berggman of Nevada City, whilst they chatted with Ted and Eleanor Cosby of Auburn at the next table.

We cannot remember when we have enjoyed a dinner like that prepared by the versatile Rev. A. A. Carmichael last Monday night when the Rotarians entertained their ladies in the Truckee Community Methodist Church banquet hall. After dishing up, the jovial "A.A." took his place at the table in his chef's garb amidst applause from the guests, stuffed with tender corned beef. We were also pleasantly surprised by a vaudeville show which was topped off with a talk by Charlie Cross on his recent trip to the Virgin Islands and South America. Given but 15 minutes for his travelogue (which was halted when his alarm clock rang) we hope it's another ladies night when Charlie is given more time to finish his terrifically interesting travelogue. And when we found out that Johnny Richards is he next Rotarian president, we wondered who the club will now pick as a stand-in for Santa Claus. There is nobody who can fill that roll half as well (or completely) as Johnny.

And speaking of Johnny Richards, reminds us that there is another Johnny Richards—the chef supreme at Donner Ski Ranch. The crowded Ski Ranch last Saturday reminded us of New Year's Eve—what with orchestra and convivial spirit. Lastly named Johnny showed his versatile side by preparing an Italian smorgasbord, augmented by Chef Joe (Crest Lodge) Armadalin's incomparable ravioli. Thus far we have eaten Hawaiian, Spanish, Swedish and American food prepared by affable Ski Ranch Johnny—and now Italian!

FOUR BEING HELD FOR ROBBERING SCHOOL AT SUMMIT

AUBURN—Four men who have admitted burglarizing the Donner Trail School, near Donner Summit, and stealing a safe containing \$1200 from Citrus Heights Drive-In Theater near Roseville have been booked in Placer County's jail here.

The quartet, all from Arvin, are Junior Caudill, Raymond D. Walker, Fred M. Cossey and Billie Milam. They were arrested in Arvin by Deputy Sheriff Bill Scott of Placer County and Sacramento County officers.

Although held on burglary charges in Auburn for the theft of about \$500 worth of tools from the Donner Trail School, Sacramento County officials say they have

SIX LIONS KILLED

SACRAMENTO—Six mountain lions—two each from Kern, Mono and Colusa counties—were taken in March by the state fish and game department predator control crews.

It was a busy month for the hunter-trappers, who erased a total of 1340 varmints including 25 coyotes and 19 bobcats in Riverside County, 61 skunks in Butte County and 30 foxes in Shasta County.

Forty-two beavers were live-trapped for transfer from agricultural areas to habitat where their water improvement projects will be more useful to wildlife.

placed a hold on the men and will prosecute them for theft of the safe from the theater, which is located in Sacramento County.

How to make good telephone service even better.

You'll spread the news faster if you call by number

When you're making out-of-town calls you'll find that your calls go through faster—twice as fast—if you give the operator the telephone number you want rather than just the name and address. That way, you see, you won't have to wait while she calls "Information" to get the number you're calling. So why not keep a list of out-of-town numbers handy—it's surprising how much time you'll save.

now you can take calls anywhere in the house

... with handy extension telephones.

No more missing important calls, simply because you were in a distant part of the house and couldn't get to the phone in time. You can enjoy extension telephones now—for just a few pennies a day.

District School News

TAHOE LAKE SCHOOL

Kindergarten, 1st Grade

Danell Pomin has returned to school after spending the winter months in Berkeley.

We made a story this week about Janis Giannini. We are also making "The Story of Wheat."

2nd and 3rd Grades

The 3rd grade arithmetic group is now beginning division. The new step in arithmetic is very interesting to them. Second grade groups are concentrating on combinations in additions and subtraction.

In a recent spelling "bee" Parky Becholdt was declared winner.

Danny Connors was ahead in his class.

We are very glad to welcome back Carolee Campbell who spent several months in Reno.

We have just completed a large mural depicting mission life in early California.

4th, 5th and 6th Grades

Our room enrollment was increased to 32 last week when we welcomed back Chad Campbell and Randy Pomin.

The 6th grade again won in the weekly spelling contests. In music class we are busy working on music for our part in the district music festival. We are concentrating on rounds and two-part selections. In arithmetic we are reviewing for monthly tests. We have almost finished our work in the arithmetic books so we will be able to have a complete review before the end of the school year.

Bobby Porter, 4th grader, took a trip to Hoover Dam and other points of interest recently. He brought rocks and samples of desert growth to share with the class.

KINGS BEACH SCHOOL

Kindergarten, 1st Grade

Tuesday morning Stephen Felte came to school to celebrate his 5th birthday and to get a taste of kindergarten life. Stephen will be coming to school next year.

Brad Thompson brought his younger brother, Phil, to visit our class Friday morning. Brad is now in the first grade and Phil will come to kindergarten next year.

We have planted two geranium, a begonia and a succulent by our windows.

2nd and 3rd Grades

The following parents attended the parent-teacher conferences on Monday night: Mrs. Walter Bailey, Mrs. John Malley, Mr. and Mrs. Lloyd Decker, Mrs. H. E. Brooks, Mr. and Mrs. Walter Mandeville. On Wednesday night: Mr. and Mrs. Robert Critchley, Mr. and Mrs. Paul Silbaugh, Mr. and Mrs. Hollis Chatwin, Mr. and Mrs. Jack Felte, Mr. and Mrs. Gene Howard, Mr. and Mrs. Gilmore Johnson, Mrs. Robert Davis and Mrs. Adeline Gunkel. This week's conferences complete the series for the second time this school year.

We are very happy that the parents cooperated with the school to make these parent-teacher conferences such a success.

Frances Howard brought her book "Snow White and Seven Dwarfs" to class. She read the story to our class Thursday. It was the original version of Snow White.

Joanna Johnson brought the book "Betsy Ross and the Flag" for Mrs. Wing to read to us during story hour. We listened to a couple of chapters and it is very good. It taught us why we should love our flag. We also learned what each color stands for.

During social studies Tuesday, we saw a colored film "Rancho Life." We learned several new Spanish words.

Thursday, during our science lesson, we invited the kindergarten and first grade to come in and share our science film. It was entitled "California Deer." It was in color and we learned how deer live, how they migrate in the winter to warmer climates, how they lose their antlers and many other things.

We had eight parents present at our PTA meeting last Thursday night. More parents were planning to attend but the snowstorm kept them away.

Catherine Graton won the PTA poster contest from our classroom. Her reward for the best poster was a free ticket to the show.

4th, 5th and 6th Grades
Gwen Mizner won the safety poster contest sponsored by the

PTA. Her poster had a small picture of each topic to show safety.

We have completed the parent-teacher conferences for the second time this year. All the students' work was shown to their parents.

The class took Metropolitan Achievement tests to see how much improvement was made in all their work. Each student found much improvement in his or her work.

TRUCKEE ELEMENTARY

Kindergarten

This week the kindergarten children devoted a large part of their time to rehearsing for the joint assembly with the first grade, which was presented to the school on Friday. Two rhymes and a song were given by our class. They were "The Turtle," "Five Little Kittens" and "A Spring Song." This Tuesday the program was given again for our parents.

Three members of our class were out of town this week. John Goodhue accompanied his parents to San Francisco. David Goodall journeyed to southern California with his mother and brother to say "goodbye" to his father who is in the service and is about to go overseas. Larry Bergen, with his parents and brother, went to see his paternal grandmother, who passed away Monday in Pasadena.

First Grade

Our room is brightened by a beautiful Easter lily which Evelyn Hintz so thoughtfully brought for us.

Gay robins decorate the door of the room and introduce visitors to our study of "Signs of Spring."

Winky and Blinky were the names chosen for the two tiny turtles that are now our pets. We enjoy taking turns feeding them and changing their water. We are learning a great deal about the care and handling of them.

Also we composed and wrote letters to our parents inviting them to our assembly program and informing them of the medico-dental examinations. We were quite pleased at being able to write our own letters.

Second Grade

Our reading group read the story about "The Little Breadman." Some of the children brought flour, milk and yeast. They enthusiastically mixed the dough and watched it rise. Later each child had a piece of paper with a little flour on it in front of his or her place. On these the dough was kneaded and shaped into breadmen, with raisins for eyes, noses and mouths. Next the pans of breadmen were placed on the radiators to rise. They were frequently inspected and their growth noted to the delight and amazement of all. The result was a jaunty array of jovial little brown

men.

The theme for dramatic play was "Snow White and the Seven Dwarfs." Dianna Kaspian played the part of Snow White; Gene McGihon, the Prince; Mike Lee, the huntsman; Carolyn Smisek, the Queen; the Seven Dwarfs were portrayed by Joe Parkhurst as Bashful, Bobbie Cummins as Sleepy, Jerry Kirby as Happy, Joey Straub as Sleepy, Daven Morey as Doc, Gary Brines as Grumpy, Johnny Backarich as Dopey. The rest of the children took the parts of deer, birds and forest animals. They entered into the spirit of the performance wholeheartedly.

Virginia Barnes read the story of "The Old Woman and Her Dog" to the class Friday.

Third Grade

In our reading, "If I Were Going," we are enjoying map study along with the story of travel from New York to the Scandinavian countries, British Isles and Western Europe. In other reading groups, "New Streets and Roads," "On Cherry Street," and "The Little White House," we are comparing how like the characters in the stories we are in our play and daily activities. We are dramatizing parts of the stories.

We have our store about supplied with food containers. It will be fun playing store and making grocery bills for arithmetic problems. Thanks to our mothers for sending so many nice food containers.

Sixth Grade

Our dance was very successful last Friday evening. Many of our parents attended and enjoyed themselves. The fifth grade had a good time too and liked dancing. Patty Stinchfield and her committee did a nice job of decorating the auditorium. The refreshment committee under Harold Brown had many delectable things to eat. William F. Curran donated a case of milk to our dance which we appreciated very much. We thank our mothers for baking so many nice things for the refreshments.

The cake sale did not work out as we planned because our mothers were very busy and we did not give them enough notice. However, we received \$6.50 toward our fund from those parents who didn't bake things. The cakes we did receive were saved for the dance. We want to thank Tony Pace for offering his Truckee Mercantile store to us again for the sale. We are sorry there were so many disappointed people but we thank them anyway.

Dorothea Frey gave a good report about tin and the canning industry as her project about Bolivia.

We are having fun locating the countries about which we read and coloring them in on our "Places We Have Read About" map of the world.

Last week we finished the cans for flower vases. They were taken to the high school from whence they will be shipped to Travis Air Base for use in the base hospital.

In physical education we are learning new games and practicing the old ones which we will have at the District Play Day on May 1 at Kings Beach.

Thursday, April 23, Dr. George Hahn and Dr. Oliver Scow will come to give us all medical and dental examinations. This will begin at nine o'clock in the morning.

DONNER TRAIL SCHOOL

We have begun our mural and map booklets of our neighbor, Mexico.

Our small group is busy making a poster showing all the helpers needed in building a structure for our mythical community.

We have almost completed our test booklets in arithmetic processes and solving. We are now working on the final part of our arithmetic texts.

All of us are waiting for the snow to leave so we can play outside. The snow is melting but not fast enough for the marble fans.

IT'S WISE TO ADVERTISE!

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive up to, but not later than 8:00 P.M. on Tuesday, May 12, 1953, sealed bids for the award of a contract or contracts for well drilling and casing and for furnishing and installing adequate pump and pressure tank in accordance with plans and specifications on file in the Superintendent's office. Bids shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and the local laws thereto applicable, the owner has ascertained the general prevailing wages in the locality in which this work is to be performed, a copy of which rates are as follows:

Craft	Hourly Wage	Per Diem	Legal Holidays And Overtime
Carpenters, Lake Tahoe Area	\$2.85	\$22.80	
Laborers — General	\$1.85	\$14.80	
Plumbers	\$2.85	\$22.80	\$5.70

* For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 a.m. and on Saturday, shall be paid for at the rate of time and one-half. Sundays or holidays shall be paid for at the rate of double time.

OVERTIME: Saturdays, Sundays and Holidays — double time unless otherwise shown.

Each bid must conform to the requirements of the Plans and Specifications and all other documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Superintendent of Schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the Superintendent of Schools, and accompanied by a certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty percent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding. Dated this 22nd day of April, 1953.

V. C. SHATTUCK, Clerk of the Governing Board of the Tahoe-Truckee Unified School District.

a23-30m7

DAYLIGHT SAVING BEGINS SUNDAY IN THIS STATE

California will go on daylight saving time again Sunday.

The clocks should be turned ahead one hour effective at 1:00 o'clock in the morning.

Daylight saving time will continue until the last Sunday in September—this year the 27th—when clocks will be set back on standard time.

Greyhound to Conform

Pacific Greyhound Lines' bus schedules will operate on daylight saving time effective April 26 in those areas observing the time change, according to Glen G. Magnuson, general traffic and sales manager of the company.

Arrivals and departures listed in the bus company's time tables and clocks of Pacific Greyhound depots in the areas affected will coincide with daylight saving time.

SP Stays Standard

Southern Pacific will continue to operate all of its passenger trains on standard time, as required by federal law, during daylight saving time starting April 26 in California, it was announced by Fred E. Watson, general passenger agent for the railroad's central territory. For residents of the Sacramento

Valley and mountain counties, this means most train arrivals and departures will be one hour later by clock time, Watson said, as most trains serving the area are interstate trains.

For public convenience, however, most of the company's trains operating entirely within California will have schedules one hour earlier by standard time than at present so that departures and arrivals during daylight saving time will be the same by a person's clock time as at present, conforming generally to the times with which travelers have become accustomed, Watson pointed out.

All regular SP time tables will show train schedules in standard time, one hour earlier than daylight saving. The railroad's station clocks will also show standard time.

MORE MONEY ALLOCATED FOR WEST COUNTY ROAD

SACRAMENTO (C.N.S.)—The California highway commission has allocated an additional \$43,000 for grading and surfacing portions of State Sign Route 20 between three miles east of Yuba County line and 0.6 mile east of Rough and Ready, a distance of 2.5 miles. The commission previously allocated \$150,000 for the project.

With the power and traction of 4-wheel drive and the maneuverability of the Universal 'Jeep', you can travel cross-country... making your way through mud, sand or snow that would stop ordinary vehicles.

Now the Universal 'Jeep' is powered by the famous Hurricane F-Head Engine... has 20% greater horsepower... marked increase in operating economy with outstanding performance. See the 'Jeep' today...

TATE WILLIAMS
SPEAKS AT TAHOE

TAHOE CITY— Guest of honor and speaker at Tuesday night's meeting of the Tahoe City Rotary Club was Tate Williams of Reno. He is governor of Cal-Vada Rotary District and proved to be a very interesting speaker to the large group of Rotarians and guests who gathered at Tahoe Inn. Williams was high in praise for President Denny Sach and club members for the outstanding work accomplished by the Tahoe City club this year.

Percentage-wise, the Tahoe City club will have the largest group of members at the district meeting at Elko April 26, 27 and 28. A large caravan of autos will leave Sunday morning, stopping en route at Lovelock to accept the invitation of Mr. and Mrs. Stan Martin, who are having open house for their old friends from Tahoe. There will be a stop at Winnemucca for lunch and then on to Elko.

Guest in City—

Mrs. C. B. White is the guest of Mrs. W. F. Wilkie at San Francisco.

Colfax Visitors—

Mr. and Mrs. E. A. Lloyd and sons were Colfax visitors Sunday.

BUS PASSENGER
HELD IN HOSPITAL

A male passenger who apparently went berserk on a Greyhound bus on the way over Donner Summit this week is being held for observation in a Reno hospital. The man began beating his head against a window and when he was escorted outside the bus by the driver and another passenger, attempted to leap off a cliff. He was restrained and then pounded himself on the head with a rock until again subdued. He was tied to the floor of the bus until the vehicle reached Reno.

TRUCK RUNS ON
BERNARD YARD

Mrs. J. H. Bernard, recuperating from influenza, was startled on Wednesday by a driverless division of highways truck rushing through her property on the hill in east Truckee. The large vehicle fortunately missed the building but went through the yard, causing damage to the steps.

Several years ago a similar mishap occurred to the same property, the vehicle at that time going into the house.

BICYCLE SAFETY
WEEK DECLARED

April 25 through May 1 will be Bicycle Safety Week in Truckee.

Children's bicycles will all be checked for safety and required lights. Three stations are being set up at the elementary school, Barnes' Gateway Garage and at the Trading Post on the west side of Donner Lake. Bicycles at Donner Lake and Gateway will also be glo-taped, as well as those in the town itself.

Instruction on where, when and how to handle a bicycle will be given by Officer Roy Stallard of the highway patrol.

A number of activities are being prepared to celebrate this safety week for bicycle riders, including an assembly at the elementary school and the selection of a king and queen for bicycle week.

Cub Scouts will patrol along with Brownies and Girl Scouts to warn others if they fail to watch safety precautions walking or riding.

Going East—

J. Homer Alleman is visiting Mr. and Mrs. Walter Barrett, en route from Stockton to New York.

SCOUT LEADERS
INVITE WYETHIA

Washoe County Girl Scout Leaders Association is having annual visitors' night April 27 at Girl Scouts Lounge, 303 South Center Street, in Reno. All members of the Wyethia Women's Club of Truckee interested in the work have been extended an invitation to attend the meeting for an exchange of ideas in the worthwhile work.

TO ATTEND SHOW

Mrs. Felix Koehler, who had been visiting here for a month, left yesterday for San Mateo to attend the annual Rose Society show being held there. Her cousin, Mrs. Clay Morgan, the former Miss Lucille Baleri of Truckee, is one of the principal exhibitors at the show which will be held May 3. Mrs. Koehler will return here following the show.

Birthdate Yesterday—

Billy Cardinal, son of Mr. and Mrs. Heslin Cardinal, was three years old April 22.

Birthdate—

Mrs. V. C. Shattuck observed her birthdate April 19.

TAXPAYER GROUP
ASKS BRAKES ON
PAYROLL BOOSTS

The Nevada County Taxpayers Association has gone on record as opposing any salary increases for public officials or employees during a one year period which the group expects to be a leveling off period for economic trends.

The resolution points out that many public officials, employees and school teachers are pressing for salary increases.

The action was taken only a short time after the board of supervisors recommended a \$3,100 salary increase for Superior Judge James Snell.

Howard Newsham, who with Rex Reid represents this end of the county on the association, said this week that he had not been advised of the action but personally did not feel that the salary increase should be denied in event it was justified.

In the case of Judge Snell, it was pointed out, a general salary increase recently approved for superior court judges in the state was not approved for the local jurist and the recent action was taken to correct the situation.

BIG SLIDE SHUTS
"49" ON WEEKEND

Travel into Sierra County via State Route 49 was halted over the weekend when a large slide on Depot Hill grade blocked passage. Tons of earth and rock slid from a hillside high up on the grade near the start of a three to four mile incline and required hours of labor by division of highways maintenance crews to clear.

The Saturday afternoon slide forced mail and stages to "ferry" across the slide to vehicles on either side while some families desiring to be united for the weekend returned down 49, crossed over to U.S. 40 via Highway 20, took Route 89 north from Truckee, swung over to the east end of Route 49 and traveled something like 100 extra miles to bridge the gap.

AT FREEDOM VILLAGE

Nancy M. Jones, daughter of former Judge and Mrs. George Jones of Nevada City, is one of six American Red Cross workers assigned to Freedom Village, Korea, where 600 wounded UN soldiers will be cared for after being freed by the communists.

Knapps Back—

Mr. and Mrs. Ward Knapp write that they are happy to be returning to Lake Forest, after spending the winter at Encino.

Back from City—

Mr. and Mrs. Reg Smart and son, Brian, were in San Francisco on Tuesday last.

Name Babe—

Nancy Jane are reported to be the given names of Mr. and Mrs. John T. Rablin's daughter, born April 16.

Phipps Visit—

Mrs. Barney Phipps and son Brian of Elkhorn Village visited friends here last Thursday, en route home from Reno where the latter visited an eye specialist. Mrs. Phipps is teaching school in Yolo County.

Moves to Montebello—

Mrs. Norma Highfill has moved to Montebello for an indefinite stay.

CARD OF THANKS

We are most grateful for the many expressions of sympathy and understanding during our recent bereavement.

Mr. and Mrs. Ray Sykes, Mavon and Wallie; Mr. and Mrs. Frank Gaiennie and family.

DEBBIE ELLIS IS
FETED AT PARTY

Mrs. Cliff Ellis entertained Monday afternoon, April 20, in honor of their daughter, Debbie, who is five years old.

A flower arrangement in shades of spring centered the refreshment table and gifts were given the small guests. The mothers and children invited included Mrs. James Walker, Karen and Ronnie; Mrs. Ken Hedlund and Karen; Mrs. Loren Ferdinand and Sandy; Mrs. Jack Ellis, Terry and Kittie; Mrs. Jack Neugebauer, Monte and Jerry; Mrs. John Street and Cathy.

Chris, son of Mr. and Mrs. Ellis, celebrated his first birthday on Easter Sunday, April 5.

NEW MANAGER OF
RESORT ARRIVES

Mrs. Jean McCarty of Reno has arrived here to assume active management of Donner Lake Lodge on May 1. As soon as her husband, Technical Sergeant William McCarty, is discharged from the service, she will be joined by him and their three children, Sharon, Virginia and Michael, currently attending school in Reno.

Mrs. McCarty was in charge of the officers' club at Fort Collins, Colorado, before going to Reno to be with her husband, stationed at Stead Air Base.

Mr. and Mrs. Hap Warnke are currently managing the popular resort.

I LOVE THE COUNTRY IN SPRING

I DIDN'T ENJOY THE LECTURE AT ALL TODAY, PHOEBE-

JUST BECAUSE THAT PROFESSOR LIVED TEN YEARS IN NONAMIA DOESN'T MEAN THAT HE KNOWS ALL THE ANSWERS-

WHY, JUST YESTERDAY I READ AN ENTIRELY DIFFERENT VERSION-

AND I THINK THE WRITER OF THOSE ARTICLES KNOWS MUCH MORE ABOUT THE SITUATION THAN THAT MAN WHO LECTURED TODAY-

HANG UP, FANNY- YOU CAN GIVE PHOEBE YOUR VIEWS SOME OTHER TIME-

WHAT'S THE MATTER WITH YOU, RUDY? AREN'T YOU INTERESTED IN WORLD AFFAIRS?

SURE, I AM - BUT YOU'LL TALK ON ANY GIVEN SUBJECT WHETHER YOU KNOW ANYTHING ABOUT IT OR NOT

DON'T YOU EVER GIVE ANY THOUGHT TO WHAT YOU'RE GOING TO SAY BEFORE YOU SAY IT?

WHY, NO! HOW COULD I KNOW WHAT I THINK ABOUT A THING UNTIL I'VE HEARD WHAT I HAVE TO SAY ON THE SUBJECT?

 HENRY FORMHALS

YOU WON'T FORGET MY BIRTHDAY NEXT WEEK, WILL YOU, UNCLE JOE?
 WHAT DIFFERENCE DOES IT MAKE? I KNOW YOU'LL REMIND ME OF IT IF I DO!

MY NEW BOY FRIEND JACK WANTS TO BUY ME A WRIST WATCH FOR MY BIRTHDAY!
 NOTHIN' DOIN'! I WON'T LET YOU ACCEPT IT!

SOME OF THESE BIRDS TRY TO BUY A GIRL'S AFFECTIONS RATHER THAN WINNIN' HER WITH THEIR GOOD QUALITIES AND PERSONALITIES!
 BUT JACK IS TERRIBLY RICH! A WRIST WATCH TO HIM MEANS NO MORE THAN A HANKY TO THE AVERAGE FELLOW!

THAT WOLF ISN'T GOIN' T'GAIN YOUR FAVOR WITH A WRIST WATCH! THAT'S FINAL!
 OKAY, MINE, UNCLE, YOU HAVE SPOKEN AND I BOW DEEPLY IN SUBMISSION!

"OH, THIS IS JACK? TH' FELLOW YOU WERE TELLIN' ME ABOUT?"
 YES--UNCLE JOE! I'D LIKE TO PRESENT JACK PEARMAN!
 DUH----H-H--HOWDY, MR. J-JINKS! I'M P-P-PLEASED T' M-MEETCHA!

PSSST!—HEY, CAROL, C'MERE A MINUTE!
 FORGET WHAT I SAID! IT'S OKAY FOR HIM T' GIVE YOU TH' WRIST WATCH!
 BUT, UNCLE JOE—WHAT ABOUT BUYING HIS WAY INTO MY AFFECTIONS?

HAW! THAT GUY NEEDS ALL TH' HELP HE CAN GET!
